Program Description

Educate Online is America's leading provider of live, personalized, at-home tutoring—on average, students who complete either math or reading program gain at least a grade level. All instruction takes place on a computer and headset (with internet connectivity, if needed) provided by Educate Online. Students take two to four 60-minute sessions each week. Using headset and computer, students log onto our secure website from home, while the teacher logs on from another location. Sessions, taught by U.S. state certified teachers, are offered seven days a week, and student-to-teacher ratios do not exceed 3:1.

Service Summary

Schools/Districts Served	All districts statewide
Specific location of service delivery	Online; school; student's home
If service delivery is not at the student's school, is transportation provided, and, if yes, is there a separate fee?	No
Type of certification of instructors	U.S.-based state certified teachers
Individual or small group (Includes student-teacher ratio)	Computer/On-Line; One-on-one instruction with instructor
Grade levels served	K-12
Length of each session	60 minutes
Number of sessions per week	2-4
Total length of program (in hours)	Varies by district
Tutoring available in Reading and/or Math	Reading or Math
Specifics of reporting to parents & school (format, frequency, method of communication)	24/7 progress reporting available for parents via the Internet. Call parents once a week to discuss progress. We will also mail written monthly reports, as requested by the district. At the direction of the district, we will send monthly written reports to the district and/or schools.
Special populations served	Educate Online can serve all eligible students, if a student can perform the required computer functions.
